Eva Vaughn, M. A. (Columbia) History

Myra Rowland Wiley, A. B. (Wisconsin)
Speech

Pachel Crosier replaced Rachel Crosier replaced Ewing Enderson. Middled Hite Lost Myra Wiley assigned Lost Shepard Loss fit. Fearle Shepard Loss added for Jone & Lug.

Just prical

GENERAL INFORMATION

THE COLLEGE

The Palm Beach Junior College offers, under the jurisdiction of the County Board of Public Instruction, two years of education in advance of the regular high school course. Instruction is now being carried on through the cooperation of members of the high school faculty. The subjects offered are similar to those at the University of Florida and the Florida State College for Women.

In 1933 each civic club in West Palm Beach was invited to endorse the college, and to name two citizens from its group to serve as an advisory board to the college. The duty of this board was to meet with the administrative officers and the board of education to discuss the policies and operations of the college.

The University of Florida assisted in organizing the college by advising as to what courses to offer and by tentatively approving both courses and instructors. The college was opened in September, 1933, to a freshman class. The first graduation exercises were held June 5, 1936, when three candidates were awarded the title of Associate in Arts.

The Palm Beach Junior College has been approved by the Florida Association of Colleges and Universities. Credit is given conditionally by both the University of Florida and the Florida State College for Women for work completed in the Palm Beach Junior College.

The college building is located on Gardenia Street, where most of the classes are held. The sciences, home economics, and industrial arts are taught, however, in the high-school building. Laboratories are adequately equipped for individual work on the part of each student. In the college building are located the auditorium and rooms for student organizations and general social rooms. The college and the high school use the same gymnasium.

LIBRARY FACILITIES

The library is adequately catalogued and under the direction of a trained librarian. College students have access to the high school library and to the city library.

REQUIREMENTS FOR ENTRANCE

All applicants for admission should have official transcripts of records of school work sent directly to the office of the Dean of the College before entrance. All transcripts of records submitted by the student become the property of the college and are not returnable unless the candidate cannot be admitted. The college is sole judge as to acceptability of all credits.

Minimum Requirements for Entrance

The minimum requirements for entrance are graduation from an approved high-school with sixteen units of high school credit, including:

Four units of English, One unit of Algebra,

One unit of Science (General Science or Biology).

Two units of Social Studies (One unit must be American History),

Satisfactory score in content and psychological examinations.

(For entrance by examinations, special arrangements must be made at least two weeks in advance.)
